

Proposed Southwinds Association, Inc. 2020 Priorities

1. To evaluate the cause, identify solutions and subsequent costs to address silt build up in specific areas of the fourteen-acre pond owned by South Winds Association, Inc.;
2. To have electronic traffic speed monitoring of Birch Mill Trail and Mares Hill Road with subsequent reports forwarded to all South Wind Association, Inc. members;
3. To explore the development of a pathway from Mares Hill Road to Southwinds Drive to provide access to the pond, floating dock and picnic area;
4. To clarify the responsibilities of the Division of Public Works, Essex Town Hall and Southwinds home owners, regarding overhanging tree branches that are identified as a potential hazard along South Winds Drive, Birch Mill Trail and Mares Hill Road; and
5. To work with DEEP to identify options to mitigate mosquitos in the pond area in response to precautions and recommendations from Essex Town Hall, Department of Health concerning the Eastern Equine Encephalitis virus and other mosquito borne diseases.
